

OCEANGUARANTEED™ FULL CONTAINER LOAD

A member of the **KWE** Group

APL LOGISTICS OCEANGUARANTEED™ FCL PREDICTABILITY YOU CAN USE. PERFORMANCE YOU CAN TRUST.

OceanGuaranteed™ is the industry's first day-definite guaranteed service from key Asian origins to North America.

You can guarantee day-definite delivery of your FCL shipments from Asia with greater reliability, fewer hand-offs and proven on-time performance.

Traditional Full Container Load (FCL) services rely on railroads for inland transportation, adding transit time when the final destination is not close to a rail hub. For companies in the U.S., there is now an alternative with day-definite deliveries and a money-back service guarantee.

APL Logistics has created OceanGuaranteed™ – the first ocean-truck FCL service for the contiguous U.S. shipment arrives at your door, not an airport or third-party warehouse. Even if your shipment is just one day late, you are eligible for a 20% refund – guaranteed.

THE KEY TO OCEANGUARANTEED™ SERVICE

Through an innovative team-driver solution of two drivers per container, for continuous service, we deliver faster transit times over greater distances. Containers are top-stowed on vessel, priority discharged, and moved to the door with a team-truck.

OCEANGUARANTEED SERVICE BENEFITS

CARBON REDUCTION

OG can help your company achieve its carbon reduction goals

GUARANTEED DAY-DEFINITE DELIVERY

Expedited service, faster than standard ocean shipping – allowing for more reliable planning

MONEY-BACK SERVICE GUARANTEE

20% refund of your final invoice if shipment arrives late*

RATES QUOTED PORT-TO-DOOR

Rates quoted to the customer's door, versus air rates – quoted airport-to-airport.

COST SAVINGS

Air freight predictability and reliability, without the air freight premium and capacity concerns

GUARANTEED SPACE & EQUIPMENT

From port-to-door – even during the critical peak season

VISIBILITY

End-to-end SKU-level visibility on all FCL & LCL shipments

One service, two options:

Intact Services - Container is picked up by a team truck driver from the Los Angeles ocean terminal and driven to consignee locations. Intact service gives significant savings over air freight, unbroken seal, priority loading and unloading, and faster transit times than other ocean services.

Transload Services - Container is drayed from our Los Angeles ocean terminal to our deconsolidation center and the shipment is transloaded 1:1 into a domestic trailer, then team-driven to consignee locations. Transload service offers the same high-level service as Intact, but at a much lower price, since you avoid container re-positioning costs.

Dedicated, centralized customer support monitors your shipments and automatically alerts you to any exceptions. With web-based tracking at your desktop – shipment details, transit updates, and customs status are available 24 hours a day.

OceanGuaranteed™ operates from seven countries, giving you the option to originate shipments from APL Logistics' dedicated network and facilities in multiple key Asian ports. Locations include:

- **China:** Qingdao, Shanghai, Ningbo, Xiamen, Shenzhen, Hong Kong
- **Taiwan:** Kaohsiung
- **Thailand:** Bangkok
- **Vietnam:** Ho Chi Minh City, Haiphong
- **Singapore**
- **Indonesia:** Jakarta
- **South Korea:** Busan

THE APL LOGISTICS ADVANTAGE

APL Logistics has a long and distinguished history as an industry leader and innovator. In fact we were the first logistics provider to introduce guaranteed, expedited, day-definite service from Asia to North America for both LCL and FCL shipments.

In a dynamic market where competition is fierce, a predictable and cost-efficient supply chain can be your company's strategic advantage. APL Logistics is the nimble, responsive partner who can deliver the service you demand at a price you can be excited about. So if you're looking for a better way to control logistics costs without compromising supply chain quality contact APL Logistics today.
